Sir,

I have the honor to bring to the notice of Government that about the latter part of August last, the Sherwood Foresters who had, without previous intimation to the Civil Authorities, camped near Yelahanka, appear to have practiced manoeuvres in the neighbourhood of Hunsmaranahalli on the Bangalore - Devanahalli Road. On the 21st idem when they were practicing firing on the gomal land of the village where cattle were grazing, a bull dedicated to the temple at Hunsmaranahalli is said to have taken fright and broke both its hind legs while running at a great speed. The owner of the bull, Gurunanja Walair, complained about the matter to Messrs M.A. Narayana Iyengar and T. Thumboo Chetty, Assistant Commissioners who happened to be there on the morning of the 22nd in connection with the arrangements that had to be made for the XX Deccan Horse which was then proceeding for a Staff ride, and these Officers after personally inspecting the maimed bull appear to have brought the incident to the notice of the Officer Commanding the Regiment and also regarding the claim put forward by the owner of the bull for damages. The Commanding Officer is stated to have thereon assured these Officers that the matter of payment of compensation would receive the consideration of the Military Authorities if an Official reference was made on the subject. Copy of the Assistant Commissioner Mr. Narayana Iyengar's report No. 308 dated the 4th September 1908 together with the record of

enquiry

Submitted to Deputy Commissioner.

I just returned from Yelahanka where I had gone to see if proper arrangements had been made for the Deccan Horse.

One of the Jodidars at Hunsmarnahalli, a village about 12 miles away from Bangalore on the Bangalore - Devanahally Road, complained that his bull, valued @ Rs.200/- and used for covering purposes, got frightened while Sherwood Foresters were practicing firing in the neighbourhood of Hunsmarnahalli and broke its two legs when running away at a break neck speed. Both Mr.Narayana Iyengar and myself inspected the bull and it is in a pitiable condition. It is not worth so much as Rs.200/-, but may have cost the owner about Rs.150/-. I think in such cases the Government Veterinary Surgeon, Mr.Narsimha Iyengar, should be asked to give free such advice to the owner as may lead to ^{the} recovery of the ~~if it is likely to recover~~. If you think my suggestion meets with your approval, I request that an urgent reference may kindly be caused to be made to the Government Veterinary Surgeon in the matter. We brought this incident to the notice of the Officer Commanding Sherwood Forester and he said that the matter of payment of compensation would receive the consideration of the Military Authorities if they are written to officially. Either Mr.Narayana Iyengar or myself will submit a report after making a full enquiries as to how the bull happened to get its legs broken.

2) I am to observe that though the injury to the bull was not caused directly by any act of the Military Authorities, <sup>yet</sup> as the ~~the~~ manoeuvres were conducted without any notice to the villagers and on the usual grazing

Hon'ble the Resident in Mysore, Bangalore.

-----

In answer to your No.6111, dated 19th November 1908, I have the  
honour to forward herewith a report received from the Officer Commanding  
First Sherwood Foresters as to the circumstances under which the bull was  
injured. From it, it will be seen that the statement made by the villa-  
gers, which infers that the presence of the troops came on them as a sur-  
prise, does not appear to be in accordance with the facts of the case.

2. The Civil Authorities were informed previous to the occupation  
of the camp at Yellahanka, which in the case of Regimental Training, is  
the only intimation given of the intention to manoeuvre in the vicinity  
as that fact is always understood.

3. The piece of ground was not visited for the first time on that  
date, but had been regularly used during the past month, being pasture  
land which the troops were accustomed to traverse in accordance with the  
strict orders they always receive to avoid the crops.

4. The General Officer Commanding is however particularly sorry  
that the accident should have occurred, as the officials of villages of  
the Mysore State are always ready to assist the troops of the Brigade when-  
ever opportunity offers, he therefore has sanctioned the grant of Rs.25/-  
from the Training Fund for the owner of the animal, as an act of grace,  
but cannot acknowledge that the troops can in any way be held liable for  
the accident.

CIRCULAR MEMORANDUM.

The areas marked in the attached map have been selected as suitable ground for field firing purposes, and the following conditions have been agreed to by the Mysore Durbar and must be adhered to by all concerned.

1.Notice. The Deputy Commissioner, Bangalore District, shall receive three clear days notice if any ground required. Intimation must therefore be given to the Brigade Major in sufficient time for this to be done. Sundays are not included in three clear days notice.

2.Assistance of Troops. The Local Police are responsible that the area asked for is kept clear and no compensation will be admitted by the Military for injuries by bullets received by persons or animals within the cleared area. The Officer Commanding Troops carrying out the scheme is responsible that, no bullets fall outside the area asked to be cleared, and for any injuries caused by any bullets which do not fall outside. The Officer Commanding Troops Field Firing is always to provide fatigue men to assist the Police, when they ask for assistance to clear the ground.

3. 3.Compensation. It is understood that the usual charge of Rs.4/- per diem, will be made for chowkidars or others who keep the ground. The damage done to standing crops or otherwise will be assessed as soon as ~~the~~ practicable and debited against the Corps concerned. As most of the area is waste land, Officers drawing up schemes should avoid cultivated ground while the <sup>4</sup>Crops are growing.

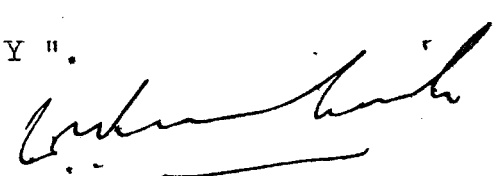

4. Time of Firing. The usual time of firing is understood to be from 6 a.m., to 12 noon: when for any special reason any other time is required special notice giving reasons must be given.

5. Map. Every notice must clearly state the dates on which firing is to take place and must be accompanied by a sketch or tracing of the 1" map, showing the boundaries of the dangerous area. Two miles behind targets, in any direction from which fire is directed against them may be considered the limit of the dangerous area.

6. A statement showing the compensation for clearing villages in the areas will be circulated later.

there is any record of the  
places where the troops  
conducted their operations every day.

2. I am also to  
enquire whether the  
officer, ~~if any~~, above  
referred to, if any, is  
able to state definitely  
from personal recollection  
that the troops did not  
visit Hunsamaruahalli  
lands before the day on  
which the bull <sup>in question</sup> was hurt.
